## **Discussions:**

Baseball/Softball Formation of teams – parent questioning how the rookie boy teams were drafted this year after only one evaluation - Board will be recommending a blind draft starting in 2011.

Baseball – discussion on baseball and doing majors/minors & kids playing up – this is a discussion for committee – was discussed this year and rejected – will have to be reintroduced and discussed in committee prior to the start of next year – Current and past Boards have not allowed players to play up, must play your age.

Reminders: Rules must be followed - do not through out or make up your own rules  
Be considerate & put equipment away where you find it - use it as if it was your own. Pitching machines are expensive and cannot be replaced every year by ASAC.

Snack Stand - Brigid Hughes is definitely going to do the snack stand – each team responsible for a week as of now – Brigid will be contacting everyone to advise how scheduling will be done this year – snack stand will be scaling back types and amount of food offered. Recommendation was for each league to have two co-captions responsible for scheduling.

Baseball tournament will be held again this year – no date yet – probably third week of June – started looking for teams.

## **Old Business – none**

## **New Business – none**

- Soccer commissioner – need someone to step up and work on this
